Institut Lavoisier de Versailles

SCIENCE FESTIVAL @ ILV

As part of the Science Festival, researchers from ILV and GEMAC open the doors of the UVSQ Science campus to you to discover science through fun and participatory workshops.

The Science Festival is a popular event that celebrates the sharing of science. On Saturday October 7, 2023 from 1:30 p.m. to 6:00 p.m., researchers from ILV and GEMAC will welcome you to the UVSQ Sciences campus (45 avenue des Unis in Versailles). Young and old will discover science through fun and participatory workshops (the Fort Boyard "Periodic Classification" game, the odor lotto, candy molecules, the connected hive, elephant toothpaste and many others...) .

Do not hesitate to contact us (e-mail: fetedelascience.ILV@uvsq.fr) for any further information
