LES RENCONTRES DE LA CHIMIE 2025

Les Rencontres de la Chimie Organique, were held at the UFR des Sciences campus.

11/06/2025

Unknown label

This year, we were delighted to welcome Prof. Dr. Svetlana Tsogoeva (Friedrich-Alexander Universität) and Prof. Andrew Lawrence (University of Edinburgh). In addition to the plenary lectures, PhD students and post-doctoral fellows had the opportunity to present their work through oral presentations or posters.

Congratulation to all the attendees, and thank you to all the sponsors.
