SORG

Our team

The SORG team, lead by Prof. Xavier Moreau, has currently 22 permanent senior scientists and ~ 15 young scientists (PhD students, Postdocs and trainees).

Associate professors / Professors:

Emmanuel Allard (Associate professor), Elsa Anselmi (Professor), Manuel Barday (Associate professor), Olivier David (Associate professor), Kais Dhbaibi (Associate professor), Patrick Diter (Associate professor), Bruno Drouillat (Associate professor), H el ene Fensterbank (Associate professor), Anne Gaucher (Associate professor), R egis Goumont (Professor), David Kr eher (Professor), Sylvain Marque (Associate professor), Xavier Moreau (Professor), Bruce P egot (Associate professor), Damien Prim (Professor), Christine Thomassigny (Associate professor), Dominique Vichard (Associate professor)

CNRS researchers:

Guillaume Dagousset (Researcher), Michel Frigoli (Researcher), Cl ement Ghiazza (Researcher), Emmanuel Magnier (Director of research), Karen Wright (Researcher)

PhD students:

Nicolas Al Hajj Aasaf, Oumayma Bejaoui, Jason Bessonnet, Oumou Diallo, Gabriel Goujon, Jun Hu, Chlo e Jamalkhan, Tourya Kihifi, Kelvin Meza Casamoyor, Vincent Carpentier, Julien Paut, Olfa Zayene

Postdoctoral students:

Mathilde Pucher (CDD IR), Anne Obah-Kosso (ATER), Juba Salhi (ATER)

Research areas

- Catalysis and heterocycles
- Fluorinated compounds and photoinduced processes
- Molecular materials: conception, design and applications
- Valorisation of natural products and industrial applications
